Ernst Mach Grant - ASEA-UNINET

Country of origin:

Indonesia; Malaysia; Philippines; Thailand; Viet Nam

Target country:

Austria

Area of study or research:

Natural Sciences

Technical Sciences

Human Medicine, Health Sciences

Agricultural Sciences

Social Sciences

Humanities

Arts

Detailed type of grant:

Semester and/or one-year grants, Research grants, Grants for whole degree programmes in the target country

Funding:

National

Target group:

Undergraduates

Graduates

Postgraduates

PhD students

PhD holders, post docs

Funding organisation:

Republic of Austria, Federal Ministry of Education, Science and Research (BMBWF);

Awarding organisation: OeAD-GmbH – Austria's Agency for Education and Internationalisation; Mobility Programmes and Cooperation in cooperation with ASEA-UNINET

Duration:

Music Practice: 9 months

Full PhD: 36 months

Postdoc: 4 to 9 months

Grant benefit paid:

Supplementary grant, own funds are required!

1. Monthly grant rate

Scholarship: 1,300 Euro

Monthly Mobility Subsidy: 300 Euro (only for Full PhD Grant)

2. Assistance in arranging accommodation and health insurance

It is possible for OeAD scholarship holders to book accommodation (dormitory or apartment) with the *OeAD student housing*. The monthly costs are:

monthly rent: 330 Euro to 800 Euro (depending on the amenities)

monthly administrative fee: currently 24 Euro

OeAD scholarship holders need to have health insurance that is accepted by the Austrian authorities for the duration of their stay in Austria. The OeAD can help with taking out such insurance. The monthly costs can vary, at the moment you should reckon with 55 Euro to 200 Euro (depending on age, scholarship category and state of health). Scholarship holders have to pay the costs for accommodation and insurance themselves.

Applicants from non-EU/EEA countries who are planning a research stay of more than 6 months: if the monthly costs for accommodation in Austria exceed 300 Euro, proof of additional funds to the Austrian residence authority when applying for the residence permit may be required. This amount may vary depending on the individual costs for health insurance and other liabilities.

3. Information for applicants who would like to apply for admission to studies in Austria: Tuition fees may be waived upon request to the Rectorate of the public university or university college for teacher education for the semesters in which studies or research can be shown to have been completed elsewhere, i.e. as part of transnational EU, state or university mobility programmes. Any tuition fees at universities of applied sciences may be waived by the rectorate upon application. This does not apply to tuition fees at private universities and private colleges.

4. Scholarship holders with citizenship and travel from non-European developing countries (Least Developed Countries, Low Income Countries and Lower Middle Income Countries and Territories" according to [DAC list 2022/23](https://oead.at/fileadmin/Dokumente/oead.at/ICM/MPC/BMBWF_travel_allowance_dac_list_2022-2023_final.pdf) + Gabon, Malaysia, Namibia, South Africa, Thailand [https://oead.at/fileadmin/Dokumente/oead.at/ICM/MPC/BMBWF_travel_allowance_dac_list_2022-2023_final.pdf]) or for their return will also receive a travel costs subsidy of up to 1,200 Euro upon submission of original travel invoices.

Closing date for applications:

01.03.2025

Advice on how to apply:

Goals:

- To promote research cooperation
- To promote young academics in the early stages of their scientific careers
- To establish an effective network of researchers with relations to Austria

Applications are possible in the following scholarship categories:

Music Practice – Undergraduates and Graduates (students seeking or who have finished their Bachelor degree) in the field of music practice including: instrumental and vocal performance, composition, and conducting.

Full PhD – Postgraduates who seek to complete a full doctorate/PhD-programme in Austria, who fulfill the requirements for admission, and who have completed their studies at a higher education institution outside Austria.

Postdoc – Postdocs who are involved in teaching and research at an ASEA-UNINET member university in Indonesia, Malaysia, the Philippines, Thailand, or Vietnam.

Eligibility for application: Only those candidates who hold the citizenship of Indonesia, Malaysia, the Philippines, Thailand, or Vietnam are eligible to apply for an Ernst Mach Grant – ASEA-UNINET.

Applicants must not have lived/studied/pursued research/pursued academic work in Austria in the last six months before taking up the grant. Applicants who are already permanently residing in Austria or who have completed their academic education mainly in Austria are not eligible to apply.

List of ASEA-UNINET member universities: [here](https://asea-uninet.org/network-members/member-universities/) [<https://asea-uninet.org/network-members/member-universities/>]

Maximum age at the time of application:

Undergraduates, Graduates, Postgraduates: 35 years

Postdocs: 45 years

Language skills:

Very good knowledge of English and/or German

Important information for applicants in the field of music:

Applicants in the field of music are recommended to read the [FAQs](https://oead.at/en/to-austria/grants-and-scholarships/ernst-mach-grant/faq-ernst-mach-grant-asea-uninet/#25-what-is-important-to-consider-when-applying-for-a-scholarship-in-the-field-of-music) for the field of music before they begin the application process.

[<https://oead.at/en/to-austria/grants-and-scholarships/ernst-mach-grant/faq-ernst-mach-grant-asea-uninet/#25-what-is-important-to-consider-when-applying-for-a-scholarship-in-the-field-of-music>]

Required documents for the application:

Research Proposal (5-10 pages)

The applicant's proposal for an innovative research project should focus on specific research questions, and contain a clear and detailed description of the research directions and objectives as well as the methodological approach. It is expected to include:

- a clear problem description
- a literature review (incl. references)
- expected results
- possible contribution of the project to the research (landscape) in Austria and/or in the applicant's home country
- methodological approach (research design, research questions/hypotheses, research method)

workplan and timetable

list of the applicant's publications (if already available) or qualifications necessary to do the research in question

Letter of Consent (Letter of Acceptance) of the supervisor at the Austrian host university. Such a written consent may only be issued for the eligible programmes open for application by a researcher or lecturer who is affiliated with an Austrian ASEA-UNINET member university and who holds a "Venia Docendi", e.g. a Full or Associate Professor.

Two Letters of Recommendation by university lecturers. For these Letters of Recommendation, no specific form is required. However, they must not be older than six months at the time of application and must bear:

letterhead,

date,

signature of the person recommending the applicant,

stamp of the university/department/institute.

Passport scan (page with name and photo).

Scan of all university graduation certificates and a (rough) German or English translation.

In the field of Music Practice: Statement of Motivation (this replaces the Research Proposal) with video and/or music clips demonstrating the applicant's musical practice; also a Letter of Endorsement, which is issued jointly by the Austrian Universities of Music after the auditions have been passed successfully (replaces the Letter of Consent of the supervisor). Further information is included in the FAQs.

Frequently asked questions / FAQs:

Answers to frequently asked questions regarding the scholarship programme and application procedure can be found in the [FAQs](#).

[<https://oead.at/en/to-austria/grants-and-scholarships/ernst-mach-grant/faq-ernst-mach-grant-asea-uninet/>]

General information:

The grant programme is fully financed by the Ministry of Education, Science and Research (BMBWF).

The selection process for all grants is competitive, i.e. there is no legal claim to a grant even if all application requirements are fulfilled.

The number of grants that will be awarded during one call depends on the quota and/or the available budget. Applicants may apply for several grants simultaneously.

Applicants who seek admission to a Higher Education Institution in Austria have to contact the institution of their choice directly. The admission regulations of the respective institution are applicable.

Applicants who wish to come to Austria to conduct research (Postdoc Grant), and therefore do not need to seek admission to university, have to prove sufficient knowledge of the language they need to pursue their project.

The written consent of their Austrian supervisor is necessary.

Short-term grants (1 to 3 months) have a priority in the period from January to June. In other cases, problems can arise with regard to accommodation. When applying for a short-term grant, therefore, consideration should be given to applying primarily for the period of January to June.

Grant holders must be continuously present at their place of study in Austria to study or conduct their research project.

Once an application has been rejected, it will not be considered any further within the call. However, it is possible to re-apply for this grant with a revised application in the future.

Applicants must comply with the admission regulations of the respective Higher Education Institution.

It is strongly recommended to start the admission procedure at universities of the arts at the same time as the application procedure!

The application for a scholarship does not yet require admission to a University of the Arts.

Data protection:

Applicants agree that the personal data provided within their application will be processed diligently on the legal basis of the General Data Protection Regulation (EU)2016/679 and Austrian Data Protection regulations, in particular:

§2g Research Organisation Act (Forschungsorganisationsgesetz - FOG), Federal Law Gazette No. 341/1981, and

OeAD Act (OeAD-Gesetz), Federal Law Gazette I No. 99/2008, all in their current version,

for the purpose of handling their application and compiling statistics. The OeAD is responsible for processing the applicant's data. More information is available at <https://oead.at/en/privacy-policy/>.

Selection procedure:

Incomplete applications and applications not complying with the application criteria will not be considered for the further selection process.

The selection is based on a multistage process:

1. Examination of the formal requirements
2. Examination of the applications' general plausibility
3. Examination and evaluation of the applications by ASEA-UNINET experts
4. Assessment based on personal (face-to-face) interviews conducted by ASEA-UNINET experts. Criteria include language skills, quality of the Research Proposal, and relevance of the project
5. Final decision by the BMBWF

Applications in the field of Music Practice:

1. Examination of the formal requirements
2. Assessment based on mandatory auditions
3. Final decision by the BMBWF

Further information:

The Federal Ministry of Education, Science and Research (BMBWF) and the OeAD do not guarantee that a stay in Austria or at the host institution, including the journey, will be possible if a scholarship is granted. The scholarship holders have to decide themselves whether or not they want to embark on their studies or research stay. The BMBWF and the OeAD do not assume any liability – especially in case of trips to/through countries or regions for which travel warnings exist – for any complications or resulting additional costs or damages that may arise during your stay at or the journey to your destination or host institution. It is strongly recommended that you take out adequate health, accident and repatriation insurance that is valid at your destination. You, the scholarship holder, are responsible yourself for taking out insurance. The scholarship holder must observe the current conditions of the host institution regarding attendance/participation as well as the current entry conditions and the travel advice of the Austrian Federal Ministry for European and International Affairs (BMEIA).

Scholarship holders are not allowed to engage in gainful employment. Exempt is marginal employment within research/the Arts at universities, universities of applied sciences and research institutions in compliance with residence laws and employment laws for foreign nationals (in 2024: 518.44 Euro per month).

Reporting commitment:

Scholarship holders are obliged to submit a final report at the end of their scholarship stay.

Grant contract/grant award:

Grant recipients will receive a grant contract (Letter of Award and Letter of Acceptance). It defines the following: start and end date of the grant, grant amount, payment modalities (including any travel expense reimbursement and/or mobility subsidy), compulsory attendance at the host institution, performance report and final report, data protection, repayment obligations, and other conditions and requirements.

For further details, see: www.oead.at/scholarship-conditions

Legal basis in Austria:

Federal Ministries Act 1986, in its current version Federal Law Gazette I No. 164/2017

Ordinance of the Federal Ministry of Finance on General Framework Agreements for the Granting of Federal Funds (Allgemeine Rahmenrichtlinien), Federal Law Gazette II No. 208/2014, in its current version as subsidiarily applicable

OeAD Act, Federal Law Gazette I No. 99/2008, in its current version

Research Financing Act (Forschungsfinanzierungsgesetz), Federal Law Gazette I No. 75/2020, in its current version

Federal Finance Act (Bundesfinanzgesetz) as in force at the date the scholarship was awarded

Special Guideline for the Granting of Federal Funds "Stipendienprogramme INCOMING" of the Federal Minister of Education, Science and Research
